

EMERGE EDUCATION FUNDING REQUEST FORM

PURPOSE

The Emerge Education project supports work-based learning and skill development of our emerging FFA leaders to enhance their career readiness within STEM industries throughout Montana through the Agricultural Education pathway in our FFA programs.

This special project provides Agricultural Education programs with grant funding to enhance instruction needed for leadership and career skill development, as well as increasing the impact programs have in the local community through developing student projects. These funds can be used to update or enhance classroom equipment, technology, curriculum, or any other resource that can be used to improve instruction and learning in Montana Agricultural Education programs.

DESCRIPTION

REQUEST GUIDELINES

Emerge Education grants are awarded on a rolling basis. Agricultural Education Teachers/FFA Advisors may apply for funds at any time. Applicants will be notified with the award status of their funding request within six (6) weeks of the submission date.

TO APPLY FOR FUNDING

Please complete this request form and other required documents.

A complete application consists of:

1. Completed funding request form
2. One-page cover letter containing the project narrative
3. Detailed project budget

These materials should be emailed or mailed to the Montana FFA Foundation:

support@montanaffa.org

Montana FFA Foundation
502 S 19th Ave. Suite 113
Bozeman, MT 59718

FINAL REPORT

Emerge Education grant recipients must submit a thank-you to the Montana FFA Foundation immediately after receiving the award notification letter. The thank-you card should be written to “Emerge Education Donor” and mailed to the following address:

Montana FFA Foundation
502 S 19th Ave. Suite 113
Bozeman, MT 59718

Please help the Foundation provide valuable information back to our donors with the ultimate goal of maintaining and increasing support in future years. Reports should include:

1. At least two (2) photos from the event/project
2. A brief narrative with a few simple facts about the project related to what students learned and the overall project impact to your Agricultural Education program.

Final reports are due within 30 days of completion of the event to ensure timely dissemination to donors. Failure to submit a report for sponsored programs may impact future funding requests.

FOR MORE INFORMATION
